7 The Palace Controller's letter explains the facts clearly

8 The Control of the Mysore Sanskrit College with other institutions at Mysore was entirely transferred from the Municipal Department to the Palace Controller together with accounts then at the credit of the respective institutions noted in Govt order of October 1908.

9 From the statement furnished by the Palace Controller showing the amounts sanctioned by Govt from time to time for the use of institutions other than the Mysore College it is clearly seen that the diversion of funds now brought to the notice of Govt had all been ordered by Govt prior to handing over of the institutions to the Palace and that the Palace Controller's representation of March '07 was also before Govt then

10 The Palace Controller's present request to the immediate stoppage of debiting a sum of Rs 183 per mensem to the funds of the Mysore College ordered in April '06 for the Chamarajendra Sanskrit College, Bangalore and of Rs 180 per annum for the Melkote Pathasala and to be reimbursed to the extent of nearly Rs 12078 being the account already debited to College funds since the issue of the G O of October 1908

to show that Govt intended that the whole of the grant of the Mysore College should be relieved of the charges now being incurred on account of the Bangalore College & the Melkote College, which are Rs 183 and Rs 15 respectively per month or Rs 2,196 and Rs 180 per annum.

15 The Palace Controller now requests that his Mysore College may be relieved of these two charges amounting Rs 2,376, and the whole of the State grant of Rs 16,223 of the College may be placed at his disposal. He also requests that the sums already utilized from the Mysore college grant for the benefit of the Bangalore College & the Melkote college after the orders of 1908 may also be refunded to him i.e Rs 12276.

183 + 15 = 198 Rs per month for 62 months from A.D. 1908 = Rs 12276

16 As the Establishment charges of the Bangalore College are made up of amounts debitable to various sources the latter request of the Palace Controller to be reimbursed to the extent of 12276 Rs, seems to be out of the question

1st The claim advanced by the Palace Controller appears to be quite reasonable. The institution and its Sanctioned ground were transferred to the Palace Control by the order of 27th

Oct 1908 and it does not appear to be correct to charge to its funds items of expenditure in connection with a totally different institution. A lump sum grant of Rs 9000 is provided in the Budget as grant in aid for the proposed Sanskrit college. It is arguable that if it was the intention of Govt that this grant should be permanently dimini-shed to the extent of the contribution to the Bangalore Sanskrit college, the correct procedure would appear to have been to diminish the grant to this extent. In any case the Govt's order of 27th Oct 1908 having transferred the administration of the entire income of the college to the Palace Controller without making mention of the contribution that was being levied from the funds for purposes of the Bangalore college, it does not appear unreasonable to infer that the temporary contribution should have ceased to be levied. The Palace Controller reports that action under this impression had been taken and the establishment of the college revised. Also vide G.O no 2444-5 dated 8th April 1910 recording the report

the Palace contribution to this effect under these circumstances it appears to be equitable to relieve the funds of the Maharajah's Sanskrit college, Mysore from the burden of this charge. The same argument appears to be applicable in the case of the contribution of Rs 15 a month for the benefit of the Melkote Pathasala

2) As regards the effect of rules on action in the Bangalore Sanskrit college it is to be noted here that in G.O No 4367-72 dated 2-4-06, a contribution of Rs 183 a month is shown as receivable from the funds of the Mysore Sanskrit college to the credit of the Education Department. So also are mentioned a few other items of contribution including a monthly grant of Rs 100 from the Srirangi Mutt and a grant in aid of Rs 125 from the Education Budget. The whole expenditure for the Bangalore Sanskrit college is budgetted for under 18 C (3) Govt. colleges. The contribution from the Srirangi Mutt does not appear to have been collected for a series of years and correspondence is going on upon this question in a separate file. If the Srirangi Mutt should repudiate this liability as it

It is probable the cost will have to be met from the educational budget. Similarly in the case of relinquishment of the contribution from the Mysore Sanskrit College funds the additional charge will have to be borne by the Educational funds. In neither case should the institution itself be made to suffer in its expenses. Even if both these amounts should ultimately have to be borne by the Educational Budget only little over half the sum payable to the Mysore Sanskrit College would have been paid.

2. The reorganisation of the Bangalore Sanskrit College and the question of placing its financial basis on a satisfactory basis are under consideration. In the meanwhile there appears to be no objection to the subject now raised by the Palace Controller being decided on equitable lines.

23 The GO of 27.10.1908 was passed without reference to the G.O. of 2.6.1906 and cannot therefore affect it. Further the former related only to the management and supervision of the Muzrai institutions therein referred to without any reference to the destribution of the grants as existing at the time. Hence it cannot be presumed that it was the intention of Govt. not to burden the Mysore College with ~~[illegible]~~ a portion of the charges of the Chamarajendra Sanskrit College at Bangalore. On the other hand it must be presumed that since no ref^e was made to the G.O. directing the diversion of the funds Mysore Sanskrit College to the ~~[illegible]~~ Sanskrit College, that order continues to be in force until it is amended by a fresh Govt order.

The college has still a respectable balance and need not press its claim for reimbursement but it seems to be both expedient and just to relieve it of the burden of contributions to the Sanskrit College and Medical School

My dear Sir,

41 I have gone through the file kindly sent by you with regard to the Palace Controller's claim on behalf of the Sanskrit College at Mysore for the payment of the full grant allotted to that institution.

4. The Government Order of 1908 transferring the management of this and other Huzroi Institutions to the Palace would, ordinarily interpreted, mean that the whole of the grant shown against the institution in the order, went along with it to the Palace, as in the case of the other Institutions named in the order. In fact, this was how it was actually understood by the Palace Controller. The previous order of Government (passed in 1906) which authorised the payment of Rs.2776/- annually to the Sanskrit

Colleges at Bangalore and Melkote was probably intended to be cancelled by the subsequent Government Order but the point does not seem to have been raised at all and the Palace Controller's letter on the subject which was pending before the Government at the time seems to have been either not properly considered or lost sight of.

(x3) All things considered, however, the draft proposed to be issued to the Palace Controller in answer to his representation seems to be a suitable one and offers the best solution of the difficulty from the point of view of Government. It will be for the Palace Controller, of course, to make out a case, as there is no doubt I think, he will, for additional money for the College, and the Government, we feel sure, would not, in fairness to the Mysore Institution, continue to mulct it of such a large sum annually.

I may be permitted to mention here that it has been decided to reorganise the Sanskrit College

To

The Secretary

to the Government of Mysore,

Muzrai Department,

B a n g a l o r e.

Sir,

Among the Institutions the management and supervision of which was removed from the purview of the Muzrai Department of Government and placed under the control of the Palace Department in accordance with the orders contained in the Government Proceedings No.92-96 Muz. 54-08-1 of the 27th October 1908 is included the Maharaja's Sanskrit College, Mysore. It is there shown as handed over to the Palace with its Grant of Rupees 16,222-15-11 noted against it: This is the allotment sanctioned to it by Government in 1894.

2. For some time previous to the said Transfer the Govt. in the Muzrai Department, were utilizing certain sums from the funds of the Mysore Sanskrit College for purposes of the Sanskrit College in Bangalore, besides ordering a contribution of Rs.15/- per mensem being paid out of the former to the Sanskrit Patasala at Melkota: In their Proceedings of 2nd April 1906, No.4367-72/Muz. F.32-95 the Government increased the sums appropriated from the Grant of the Mysore Sanskrit College for the

sake of the Bangalore College to Rs.183/- per mensem or Rs.2,196/- per annum. This went far to cripple the resources of the Mysore Sanskrit College and interfere with its usefulness. Accordingly in my letter to the Muzrai Secretary, No.139 of the 9th March 1907 and the memorandum submitted with it, I represented the situation to Government and earnestly requested that the full allotment of Rs.16,223/- sanctioned for the Mysore College in 1894 may kindly be placed at its disposal entirely. This lay pending the orders of Government. In the transfer of the Institution to the direct control of the Palace which followed, the full grant of Rs.16,222-15-11 was put down against it in the Government Proceedings authorizing the Transfer. The restoration of the entire grant in this manner brought relief very much needed by the Mysore College and with His Highness' kind sanction in the Palace arrangements within the limit of the funds thus set free were made to revise the scale of Pay of the College staff, &c. Please see my letter to you on the subject No.43 of the 16th February 1910 and the Government Order thereon No.2444-5 of 8th April 1910. The Government Comptroller to whom the latter was communicated made a reference to me at the time enquiring about the source from which the increased expenditure on account of this revision should be met and I replied to say that the extra cost involved in the scale of the establishment may kindly be met from the general funds of the Institution by which the full Government sanctioned allotment was meant; and as to the pensions allowed to Lakshminarasappa of the,

BBA 27/8/13

Maharaja's Feeding Chattram, and S. Thathachar a Teacher of the Mysore Sanskrit College, I informed him that these may be met from the savings of these respective Institutions.

*

* D.O.No.1161 dated 5th April 1913.

3. Recently I addressed the Government Comptroller in the matter of the Balances to the credit of the Palace Muzrai Institutions. Among the figures he has kindly furnished to me in reply, those relating to the Maharaja's Sanskrit College show a difference which it is now ascertained is due to the sum of Rs.2196 referred to above being still treated as a Contribution from the funds of the Mysore Sanskrit College to the Bangalore Sanskrit College in the Books of his Office and adjusted accordingly. I then wrote to him to say that since the Transfer of the Mysore Sanskrit College to the Palace, the said charge has not been taken into account here, it being understood that the funds allotted to this Institution have been made available to it in entirety for its own purposes. From his answer it is found that he still relies on the Government Proceedings of 2nd April 1906 and so, the said large sum of Rs.2196 still continues to be debited in his office against the funds of the Mysore College. The Palace has had no intimation of this since.

Government Comptroller's D.O.No.419 of 18-4-1913.

My D.O.to Govt. Comptroller No. 136 dated 29th July 1913.

D.O.dated 5-8-13 No.47.

4. The liability to contribute so large a sum as Rs.2,196/- a year to the Bangalore Sanskrit College from its limited resources was felt to be a great hardship by Mysore College: hence my representation above mentioned to be relieved of this charge submitted so far back as March 1907. The Government had this under disposal: subsequently the Government in authorizing in their

2718/13

Proceedings of 27th October 1908 the Transfer of the Mysore Sanskrit College to the Palace kindly allowed its grant in full: nor was anything made known at the time as to the continuance of the aforesaid liability. The circumstances of the Mysore College at the time required the utilization of the same in the manner reported to Government in my letter No.43 of 16th February 1910.

5. The Government is fully aware of the work that is being turned out by the Maharaja's Sanskrit College as evidenced by the Reports submitted during the Dasara Durbars when Prizes are kindly distributed by His Highness to the successful candidates in the yearly examinations held here for Vidwath courses in the higher Departments of Sanskrit studies which form part of the curriculum of the College. To enable this Institution to maintain the position which it has during a long course of years struggled to attain and continue its progress as far as possible, further help in the shape of funds is now very much called for. This being so, it cannot without serious detriment to its best interests afford to forego any part of its limited income fixed so far back as 1894.

6. In the foregoing circumstances, I venture to request that the Government may be kindly pleased to issue early orders to the Government Comptroller to discontinue all debits against the funds of the Maharaja's Sanskrit College, Mysore, for the benefit of the Bangalore Sanskrit College or any other purpose, and to arrange by suitable adjustments for the refund of the sums

I. Read Govt. Proceedings No.4221-4 dated 28th March 1906. Resolved that as out of the savings of Rs.215/- involved in the matter referred to in Govt. Proceedings such a large sum as Rs.200/- forms part and parcel of the Government allotment to the Maharaja's Sanskrit College, Mysore, and as out of this latter sum only Rs.65/-, i.e., even less than a third, has alone been allowed to this College, the rest having been utilized for the purposes of the Bangalore Sanskrit College, not connected with the concerns of this College, the Government be requested to kindly reconsider the subject in view to placing at the disposal of the Managing Committee the balance of Rs.135/- as, in the absence of the same the interests of the College as well as the direct requirements thereof would materially suffer. In this connection the Committee would refer also to Resolution II of the Proceedings dated 4-10-1905.

Memorandum.

The development of Sanskrit Education in Mysore traces itself to the well-known liberality and generosity of His Highness the Late Maharaja Sri Krishna Raja Wodeyar III. It was his wise forethought that afforded encouragement and support to several learned Pandits who, after the down-fall of the Supremacy of the Peeshvas at Poona early in the 19th century had become quite helpless. Some Representatives of such Pandits are still traceable in Mysore.

2. Towards the close of his life, His Highness would seem to have made a special allotment of funds to the extent of Rs.1,000/- per mensem for a Sanskrit Institution. The Settlement of 1868 records this fact and says that "the Grant was made in the expectation of its being supple-
" mented largely by private contributions which have not how-
" ever been forthcoming and the Institution now rests entire-
" ly on His Highness' allowance and the services of Palace
" Pandits." Colonel Elliot therefore recommended the resumption of this grant on condition that it should be appropriated "for the founding of a good Sanskrit Institution in
" connection with the Palace for which the services of its
" Pandits will be available." This recommendation, supported by the then Commissioner Mr. L. Bowring, met with the approval of the Government of India. The Grant accordingly ceased.

3. It however remained to fulfil the condition above mentioned. In view to give effect to it, eight years later, the late Dewan Mr. C. Ranga Charlu, the then Palace Controller started a Sanskrit Pathasala about September 1876, under the name of Sarasvathi Prasada. The expenditure incurred for this purpose is entered as Rs.26-13-4 in the Palace Feeding Chatram accounts for September 1876.

The Pathasala began with two teachers on Rs.10/- each, one by name Bangalore Sitharama Shastri for teaching Tarka and the other by name Vyasa Krishna Char for Vyakarana. In 1877, another Teacher in the person of one Nanjunda Shastri was added on pay Rs.7/- per mensem. The very next year, provision was made for teaching the Rigveda and the Yajur Veda, and the number of students rose to 86. With an increase noticed in the number of Vidyarthis, after the rendition, additional expenditure on account of the teaching staff, and scholarships (Masasanas) to poor students &c. became necessary. The subject then received the consideration of His Highness the late Maharaja who, in view to supplement its funds and regulate the affairs of the Institution, was pleased to consolidate the resources of several Chatrams and feeding Establishments in and about the Capital as per margin, thus making up a total sum of Rs.25,172-15-11, and to lay down definite principles for the management of the Sanskrit College and other Charitable Institutions in the City of Mysore, directing the distribution of the aforesaid sum as follows, with effect from 1st November 1883.

VII. Contingencies and Reserve.	Rs. 972-15-11.
Total	Rs.25,172-15-11.

4. As regards the Srivaishnavas, it was thought that they might have their boarding in the Sri Parakala Swami Matt; and should there be any needy applicants to the Chattar at all, it was provided that raw rations might be given to them as well as to Bairagees. It was at the same time promised that after some experience had been gained of the practical working of the arrangements then ordered, final orders would be passed on the subject.

5. The students accordingly used to have their boarding for some years in the College premises along with tuition. In fulfilment of the promise made in 1883, the Government in October 1892 took up the question again. The Government then observed that during the 9 years which elapsed in the interval, much had been done here "for the diffusion of a knowledge of Sanskrit in all its branches" and remarked that "owing to the rapid growth of the College it is found impossible to maintain with present funds the high standard which has been adopted." The Government accordingly sanctioned for this College a Grant-in-aid of Rs.6,500/- from the Educational Funds, raising the funds available for the College and the other items of Charity administered by the Palace to Rs.31,672-15-11 made up as follows:-

Pro.No.48-50/Muz. F. 25-92 D/- 31-10-92.

(a). By abolition of various Minor Chattrams.	Rs.13,172-15-11.
(b). State Muzroi Grant.	Rs.12,000- 0- 0.
(c). Educational Grant.	Rs. 6,500- 0- 0.
Total	Rs.31,672-15-11.

The foregoing sum was divided into two parts, Viz. (A) Chatram Expenditure - Rs.17,950/- per annum and (B) Educational Expenditure - Rs.13,722-15-11 per annum. The latter comprised charges on account of the Sanskrit College, as detailed below:-

(a). Pay of the Teaching staff.	Rs. 2,550- 0- 0.
(b). Pay of servants.	Rs. 350- 0- 0.
(c). Scholarships to advanced students.	Rs. 4,800- 0- 0.
(d). Remuneration of Examining Body.	Rs. 800- 0- 0.
(e). Prizes to students.	Rs. 500- 0- 0.
(f). Reward to Pandits for high proficiency.	Rs. 1,200- 0- 0.
(g). Vernacular classes for teaching general subjects.	Rs. 600- 0- 0.
(h). S u p e r v i s i o n.	Rs. 1,000- 0- 0.
(i). Allowances to the Palace Dharmadhikaries.	Rs. 1,548- 0- 0.
(j). Contingencies.	Rs. 374-15-11.
Total (B) Educational Expenditure.	Rs.13,722-15-11.

6. The separate Boarding Staff in the Sanskrit College was thus abolished and subsequently provision was made to feed students in the Maharaja's Feeding Chattram in the Hale Agrahar. Their number at present is 30.

7. In February 1894, one Mr. S. Venkataramaa Shastri B.A. was appointed Principal on a salary of Rs.150/- per mensem. This charge became a debit to the College. In view of the increasing requirements of the College and recognizing the need for providing means for a course of instruction in English to make the highly educated Sanskrit Pandits better media for the communication of their knowledge to the public and raise the tone of their critical studies, the Government kindly raised the Provincial Educational Grant from Rs.6,500/- to 9,000/- with effect from 1st July 1894. Details for this increase are subjoined:-

(i). Salary of the Principal @ Rs.150/- per mensem.	Rs.1,800/-.
(ii). Extra remuneration for teaching Translation.	Rs. 240/-.
(iii). Scholarships for the Vernacular classes of the College.	Rs. 240/-.
(iv). Scholarships for the English classes of the College.	Rs. 220/-.
Total.	Rs.2,500/-.

8. With the above addition, the total grant for the College amounted to Rs.16,222-15-11. In Government Proceedings No.1 - Muz.F.25-92 of 1st July 1898, it was ordered that Mr. Venkatarama Shastri, the Principal should be temporarily transferred to the Chamarajendra Sanskrit College, Bangalore. He was accordingly relieved of his duties as Principal of the Maharaja's Sanskrit College, Mysore, which, nevertheless has all along continued to bear the charge on account of his pay.

9. In February 1900, the Government again revised the expenditure of the College. This Revision reduced the charges under Tuition and Supervision from Rs.8088/- to Rs.7776/- or by Rs.312/-, while adding Rs.30/- to contingencies and reserving Rs.360/- for two Fellowships at Rs.15/- each out of the provision of Rs.5,260/- for scholarships, the total charge being reduced from Rupees 16,222-15-11 to Rs.15,940-15-11, or Rs.282/- less than before.

10. Subsequently in July 1900, a monthly Grant of Rs.15/- p.m. was authorised by Govt., to the Melkota College. This again reduced the allotment under scholarships to Rs.4,720/- which, under the Govt. order of 2nd October 1901 had to undergo a further diminution of Rs.360 in order to provide for the pay of a Dvaitha Vedanta Teacher in the Bangalore Sanskrit College now

Mayakonda Krishna Char. The Tabular statement of receipts and charges for the College dated 28th Nov. 01, received from the Muzroi Secretary, restored the total expenditure debitable to the College to the sum fixed in the Govt. Proceedings of December 1892, Viz., 16,222-15-11 but without relieving it of the above mentioned contributions laid on its resources in favor of the Colleges at Bangalore and Melukote. The result of all this was that, subsequently in January 1904, when it became necessary to give increased to the Teaching staff, the funds saved by the abolition of the Fellowships above referred to and of the post of the Veda Bhashya teacher vacated by the death of the then incumbent Kumaravadhani were found not enough for the purpose and so the allotment under Scholarships had largely to be drawn upon reducing it once more from Rs.4,620/- to Rupees 3,888/- or by Rs.732/- Again, in December 1904 the Govt. taking advantage of the vacancies caused by the death of a teacher on Rs.18/- and the transfer of another on the same pay to the Govt. Normal School, appointed as a Teacher in this College Mayakonda Krishna Char who had since given up his connection with the Bangalore College and provided increases to some of the existing teachers in the Mysore College, reducing the number of teachers by one, on the supposition that such reduction would not interfere with its work. By this time the arrangement to give some tuition in English commenced in 1894-5, not having been given a fair trial, had some how been given up.

11. Subsequently in 1905, increase of Rs.25/- per mensem granted to the Dvaitha Vedanta Teacher in the Bangalore College was debited to the funds of the Mysore College by the Muzroi Secretariat, without even intimation thereof being given to the latter College: In September of that year, Mr. Venkatarama Shastri was transferred to the Provincial Educational staff, his pay of Rs.150/- p.m.

being thus set free. When this information was received here, the Mysore College Committee passed a Resolution, under date 5th October 05, thanking the Govt. for relieving the College of the burden of Mr. Venkatrama Sastri's pay and requesting that the entire sum be placed at their disposal together with Rs.50/- being the monthly contribution from the Mysore College Funds towards the pay of the Vedantha Teacher and Scholarships in the Bangalore College, proposing to utilize this total sum of Rs.200/- for the following purposes:-

(1). Organizing classes to teach English to the students, such a provision being deemed absolutely necessary to post them up in History, Modern Science and allied subjects so very essential to sound scholarship and fair sail in life to our Alumni in these days of progress and enlightenment;

(2). Employment of two additional Teachers very much required for Sahitya.

(3). Meeting the additional demand for scholarships to new students &c.

(4). Raising the pay of some very deserving Teachers in the College.

12. The recommendations contained in the above mentioned Resolution then came in quite in time with the very first chance of relief afforded to the College Funds, being in accord with the principles underlying the recent progressive Educational curriculum which everywhere aims at combining the spirit of ancient learning with the modern as far as possible. This course is deemed to be one of paramount importance by the College Committee which, since the submission in January 1904 of the proposals involving some heavy expenditure for revising the course of studies for the College Vidvath Examinations with dissenting

minutes by two of the gentlemen who then met therefor has been greatly strengthened by the permanent addition thereto of Messrs. G. Kasturiranga Iyengar, M. A., Professor of Mathematics in the Maharaja's English College, Hiriyanna, M.A., the present Head Master, Government Normal School and Raghavendra Rao, pensioned Asstt. Commissioner, all of whom are excellent types of advanced scholarship in Sanskrit, besides possessing equally good knowledge of English and the modern Sciences.

13. Pandit Namagundlu Shama Char, Tarka and Dvaita Vedantha Teacher having died in November 1905, the Committee's proposals to fill up the vacancy were duly submitted to Govt. soon afterwards.

14. In February 1906, the Govt. passed an order appointing Pandit Navinam Ramanuja Char who then retired from his services in the State of Indore in Central India as Adhyaksha (Head Master) of the Bangalore College on pay Rs.60/- per mensem, and directed that the cost on this account be met from the sum of Rs.150/- p. m. set free by the abolition of the post of the Principal of the Mysore College.

15. When the question was still under consideration by the Mysore College Authorities there came again the Proceedings of the Government No.4221-4/Muz.F.25-92 recasting the scale of the Establishment of the Mysore College and making a lot of its savings available for the Bangalore College. According to this, the savings noted in the margin amounting to Rs.150/- of which Rs.115/- belonged to the Mysore

College, were divided between the Mysore and the Bangalore Colleges, giving Rs.65 to the former and Rs.64/- to the latter. Another Proceedings of the Govt. No.4298-9 of the same date authorised the appointment of one Anekal Srinivasa Char of Bangalore for the post of additional teacher on Rs.12/- per mensem in the Mysore College put down in the scale appended to the aforesaid Proceedings No.4221-4.

16. This was followed up by Proceedings of 2nd April 1906, in which a sum of Rs.183/- is entered as grant-in-aid to the Bangalore College from the funds of the Mysore College. This has also been entered in the scale of charges provided for the Mysore College in Government Proceedings No.5772-5 dated 12th June 1906.

17. The Mysore College Committee accordingly, among other Resolutions arrived at in their Proceedings noted in the margin, resolved to request the Government to reconsider the subject, as out of the savings of Rs.215/- dealt with in the revision of the scales of the Mysore and Bangalore Colleges, such a large sum as Rs.200/- forms part and parcel of the Government allotment to the former and as out of this sum what is allowed to the Mysore College is only Rs.65/-, i. e., even less than a third thereof.

Proceedings of 1st Apl. 1906.

Pro. of 5th June 1906.

18. The above quoted Proceedings of the Committee were submitted to the Muzroi Secretary with my communications noted in the margin.

No.34 of 8-4-1906.

No.43 of 10-4-1906.

19. The foregoing is a brief resume of facts based on the records available. The market value of Sanskrit Education now, has not been such as can compare favourably with English Education. But it is its intrinsic value and the Moral, Scientific and Philosophical discipline it

involves that commend it for attention. Hence the necessity for inducements in the shape of scholarships, &c., in the case of Sanskrit studies. The funds granted to the College in 1883 included a provision on this account which, it was found necessary to raise definitely to Rs.400/- per mensem or Rs.4,800/- a year in 1892. Again in July 1894 this had to be supplemented by Rs.240/- for Vernacular and Rs.220/- for English, in all Rs.460/-, the total provision for scholarships being thus increased to Rs.5,260/-. The enclosed comparative statement shows at one glance the various changes made in the expenditure connected with the College from time to time up to date. It will be seen therefrom that in February 1900, the allotment under this head underwent a reduction of Rs.360/- to establish two Fellowships at Rs.15/- each, English education having in the meantime been given up, evidently without a systematic attention therefor. In July of the same year, a sum of Rs.180/- was subtracted from the Scholarship Fund and made over to the Sanskrit Pathasala at Melkota as an annual Grant. In October 1901, a further diminution of Rs.360/- was made under this head to support a Vedantha teacher in the Bangalore Sanskrit College. The Budget of Receipts and charges framed in November 1901 put down the amount available for scholarships as Rs.4,620/-. But in January 1904, this figure was largely curtailed and reduced to Rs.3,888/- to give increases to the Teaching Staff, the provision of Rs.360/- under Fellowships which had since been abolished not being found sufficient for this purpose. Once more this very allotment has been laid under Contribution to provide for Vedantha Scholarships in the Bangalore College. There have thus been reductions five times under this important head, in about five years, the allotment of Rs.5,260/- sanctioned therefor in 1894, which continued in tact up to 1900 having been since brought down to Rs.3,672/- the figure at which it now stands. The

* Marked (A)

decrease amounts to Rs.1,588/-. In regard to the higher Sanskrit studies, as matters now stand, less scholarship means less inducement. Notwithstanding this and in spite of plague, the College has struggled hard to maintain the high standard that has been adopted and turn out useful work as testified to by the results of the annual Vidvath Examinations. Had, however, the original figure under scholarships been left undisturbed, it would have afforded more scope for the College to extend its usefulness.

* Please see List (B). It shows the strength of the College since 1876 and List (C). This shows the Numbers of students who have passed from the College in the Vidwath Examinations since 1895.

20. While the growing demands of this unique Institution have from time to time made it stand in need of additional pecuniary help, it has had to forego much of its own share in favor of other Sister Institutions, to its utmost disadvantage. Mysore thus pays R..198/- per mensem - Rs.183/- to Bangalore and Rs.15/- to Melkota - or Rs.2,376/- a year. In other words, the benefit of the increased Educational Grant of Rs.2,500/- allowed to it in 1894, has thus been practically taken away from it, though it continues to be entered in our Budget.

21. The scales of Establishment sanctioned for the Tutorial staff in Government Proceedings of 28-3-06, show a total of Rs.409/- for the Mysore College and Rs.406/ - for the Bangalore College - a result quite disproportionately inadequate for the former, considering its standard and work. While none of the best and most famous teachers in Mysore is allowed more in the shape of pay than Rs.35/-, the scale for Bangalore provides much more than this for more than one teacher.

22. In these circumstances, it is submitted that the pay and prospects of the Teaching staff of the Mysore College require considerable improvement. There is also

pressing need for the employment of at least two more Sahitya Teachers. There is again additional demand for scholarships. And further, the College Committe have recently resolved to organize classes to afford English instruction to the Sahitya and other students, who might come forward to receive the same in view to enlarge the sphere of their usefulness. It is to meet these pressing requirements that the College now stands in great need of funds.

23. Accordingly the Restoration to it of at least the original grant of 1894, Viz., Rs.16,223/- in tact, free of any liabilities and contributions is now earnestly solicited. This help at this crisis is absolutely needed to prevent it from retracing its steps and to help it to get forward to keep pace with the progress of the times.

The Palace Controller,

M Y S O R E.

Sir,

With reference to your letter No. 12 dated 27th August 1913 pointing out that under Government Order No.92-96/~~dated~~ 54-08-1 dated 27-10-1908 the Maharaja's Sanskrit College together with its grant was transferred to the control of the Palace Department and claiming that the said transfer had the effect of cancelling the previous orders of Government appropriating certain portions of the fund for

for the benefit of the Chamarajendra Sanskrit College, Bangalore and the Melkote Sanskrit College, I am directed to state that the Government Order of 27th October 1908 related only to the transfer of control over the College, but was not intended to affect the previous orders of Government relating to the utilization of its funds for other purposes. The order of 1906 amounted to reducing the grant for the Mysore College and transferring it to Bangalore and Melkote Colleges, and these Colleges cannot be deprived of what they have been getting unless it is shown that the sums are more than what they require or have been utilizing.

In regard to your ~~representation~~ letter that the above diversion of funds is detrimental to the interests of the Mysore College, I am to state that the most satisfactory solution would appear to be that if more money is needed for its maintenance or improvement, a case should be made out and the matter decided on its merits. If necessary the Government may be moved to make an additional grant to the
